Basic Information

- Place of Origin: CHINA
- Brand Name: Nuomi
- Certification: CE
- Model Number: Laundry Pods
- Minimum Order Quantity: 100 box
- Price: USD 1
- Packaging Details: cartons
- Delivery Time: 2 weeks
- Supply Ability: 50000 piece per week

Product Specification

- Product Name: Laundry Detergent Pods
- Active Ingredient Content: 65% Include -78%
- Feature: High Efficiency Cleaning Power
- Detergent Use: APPAREL
- Type: Detergent
- Shape: Liquid
- Colors: Blue, Green, Pink, Customized
- Weight: 20g
- Fragrance: Marine Fragrance customizable
- Main Ingredient: Bio-based Surfactant, Biological Enzyme
- Highlight: **3 In 1 sterilization laundry beads, sterilization laundry fragrance beads, mite removal laundry beads**

Product Description

The uses of laundry detergent pods are primarily reflected in the following aspects:

Cleaning Function:

The primary function of laundry detergent pods is to clean clothes. They contain surfactants, builders, and other core ingredients that effectively remove stains and dirt from fabrics.

Laundry detergent pods also contain high-efficiency cold-water enzymes, which enable them to provide strong cleaning power even in cold water.

The surfactants in laundry detergent pods break down the oil and grease on the surface of the laundry, disperse them in water, and wash away the grease under the action of water flow, ensuring clean clothes.

Convenience:

Laundry detergent pods concentrate the laundry liquid into pods, eliminating the need for measurement. They can be directly placed into the washing machine or dissolved in water, avoiding the inconvenience of using laundry powder or liquid.

The packaging design of laundry detergent pods also makes them more convenient for storage and transportation.

Multi-Functionality:

Beyond basic cleaning, some laundry detergent pods incorporate additional functions such as fabric softening and disinfecting, meeting the diverse needs of consumers.

Extending Clothing Lifespan:

The gentle formula and efficient cleaning power of laundry detergent pods help protect fabric fibers, extending the lifespan of clothing.

Cautions:

When using laundry detergent pods, ensure they are fully dissolved before adding clothes to prevent damage to fabrics.

Keep laundry detergent pods out of the reach of children to prevent accidental ingestion.

The shelf life of laundry detergent pods is typically around 18 months. It is not recommended to use expired pods as their cleaning ability may decrease and bacteria may grow.

Eight effects in one

99% antibacterial
