## Product Description

Factory direct selling pet shower gel, cat shampoo, decontamination and fragrance, bath supplies, dog shower gel

Feature description:

**Strong Cleaning Power:** Pet shampoo is formulated to provide exceptional cleaning ability, effectively removing dirt and grime from your pet's fur and coat. This ensures a thorough cleanse and sanitization.

**Deodorizing Effect:** Many pets have a natural body odor. Pet shampoo is designed to neutralize unpleasant odors and leave your pet smelling fresh and pleasant.

**Antibacterial Properties:** Pets' skin is thinner and more prone to bacterial growth. Pet shampoo often contains antibacterial ingredients to strengthen skin protection and keep your pet healthy.

When using pet shampoo, it's important to prevent it from getting into your pet's eyes and ears, and ensure thorough rinsing to avoid any residue that could irritate their skin. Always choose a shampoo that suits your pet's skin type and specific needs.

Product name	pet shower gel
Specification	0.5kg
Function	Hair beautification/hair protection, mite killing and sterilization
Material	Contains hydrolyzed milk protein, gently cleanses pet hair while silky hair moisturizes the skin, replenishes the surface nutrition of the skin, and gives your pet a unique milk bath.
