Product Description

Factory wholesale thickened, soft and convenient removable hand and mouth wet wipes

Describe:

Material properties:

Adult wet wipes are usually made of non-woven fabrics, which have the characteristics of high strength, good durability, easy cleaning and easy maintenance. This material can effectively meet the needs of life, daily cleaning and other aspects.

Depending on the brand and purpose, the materials of adult wet wipes may also include pure cotton, cotton soft, etc., providing a softer and more comfortable touch.

Specifications and dimensions:

The size and specification of adult wet wipes are generally 20cm*15cm, and the thickness is about 40g-60g. This size and thickness make the wet wipes both convenient to carry and sufficient to use.

Features:

Adult wet wipes have sterilizing and antibacterial functions and use special technology to directly eliminate bacteria and viruses, effectively preventing bacteria from invading the surface and maintaining hygiene.

Wet wipes have good water absorption and strong adsorption force, and can quickly and effectively clean and purify surfaces and solve some pollution problems.

Adult wet wipes may also contain specific formulas, such as adding alcohol, spices and other ingredients to meet different use needs, such as disinfection, deodorization, etc.

Green:

Adult wet wipes are pollution-free and recyclable resources, do not contain any inorganic substances and additives, and their water absorption and humidity index are within the range of national standards.

Some adult wipes use biodegradable materials to make packaging to reduce the impact on the environment.
