Product Description

Baby hand and mouth special wet wipes 80 large pack wet wipes newborn supplies wet wipes

Feature:

Mildness: Wet wipes are mostly made of soft non-woven fabric or pure cotton, which is gentle to the touch and does not irritate the skin. At the same time, the liquid ingredients in the wipes are carefully formulated to maintain skin comfort.

Disposable use: Wet wipes are disposable and can be discarded directly after use. No cleaning is required, which is convenient and fast.

Moisturizing: The liquid ingredients in wet wipes usually contain moisturizing factors, such as glycerin, hyaluronic acid, etc., which help keep the skin moist and prevent dryness.

Environmental protection: With the improvement of environmental awareness, some wet wipes brands have begun to pay attention to environmental protection issues and use degradable materials to make wet wipes packaging to reduce environmental pollution.

Safety: The production process of wet wipes strictly follows hygiene standards to ensure that the products are safe and harmless. At the same time, wet wipes will not cause allergic reactions or other adverse reactions to the human body during use.
